

DUKE DRIVING SCHOOL, LLC

Letter of Recommendation

April 2, 2015

Dear Prospective parent and student driver,

I was one of Duke's driving Students. As a student, I really enjoyed my experience with Duke Driving School. The classroom setting was very laid back and Duke made everything interesting. He has a great sense of humor, and never made anyone feel singled out or embarrassed, which is very helpful for shy students. It was nice to have a break in the middle of each class to talk and eat and prepare for the last half of the class.

The In-Cars were also a good experience. Duke never made it awkward or made me feel a lot of pressure. He would give me gentle reminders when I messed up, and continually instructed me in my driving in a way that didn't make me feel overwhelmed. Duke Driving School made my driving education an easy, low-pressure experience and I highly recommend this school to anyone looking for driving instruction.

Thank you,

Autumn Paugh
