

DUKE DRIVING SCHOOL, LLC

Letter of Recommendation

April 7, 2015

My daughter Destiny Allton, age 18, wanted to drive at 16, but being an over-protective parent, I came up with every excuse to postpone and delay her from getting her driver's license. Upon moving back to London, Ohio (where I am originally from) Destiny begged for her driver's license and a new car. So, with reluctance, I gave in, and called Duke. We enrolled her, paid the fee, and then I watched my baby grow into a very mature driver thanks to Duke Driving School.

I was very, very pleased with Duke as the quality of the classes and drive time was well above and beyond the drivers education fee that he charges! Duke was professional and prompt as he taught my daughter how to drive and I am happy to say that the Course Completion Certificate she earned at Duke helped make my daughter's car insurance to be cheaper also!

It is with honor that I would recommend Duke Driving School to EVERYONE! I further give my permission to use this as a recommendation.

Respectfully,

Deborah L. Allton
