

DUKE DRIVING SCHOOL, LLC

Letter of Recommendation

March 28, 2016

Dear parent and student driver,

Are you wondering if Duke Driving School is the right place for your son or daughter to take driver education? Well, I am here to tell you that it is. He (Mr. Duke) is a great teacher that keeps you on topic while relating to every student.

My favorite part about the classes is that we had to catch a ball with "drunk goggles" on, now that was a challenge! You learn so much without even knowing or realizing it. I would take it (the course) all over again if I could.

Your fellow driver,

Jimmy Dulin
